Alice's Island - Daniel Sánchez Arévalo

2019-04-16

A happily married woman's perfect life shatters when her husband turns up dead hundreds of miles away from where he should have been, and she suddenly discovers that there was a part of him she knew nothing about. Alice Dupont's perfect marriage was a perfect lie. When her husband, Chris, dies in a car accident, far from where he should have been, Alice's life falls apart. After the police close the case, she is left with more questions than answers. While learning to cope with her loss and her new identity as a single mother of two, Alice becomes

obsessed with unraveling the mystery surrounding her husband's death and decides to start her own investigation. Retracing her husband's last known whereabouts, she soon discovers clues that lead her to a small island near Nantucket. As she insinuates herself into the lives of the island's inhabitants in an effort to discover what they knew about her husband, Alice finds herself increasingly involved in their private lives and comes to a disturbing realization: she has been transformed into a person she no longer recognizes. In seeking an answer to what her husband was doing before he died, Alice discovers not only a side of him she never knew, but sides of her own character she has never explored. Part mystery, part moving family drama, part psychological page-turner, *Alice's Island* is a novel whose vivid characters hold the reader rapt right up until the final page.

Governance and Sustainable Development - Stephen Bugu Kendie 2008

The Report: Morocco 2011 - 2010

Easter Island - Jennifer Vanderbes 2004-06-01

In this extraordinary fiction debut—rich with love and betrayal, history and intellectual passion—two remarkable narratives converge on Easter Island, one of the most remote places in the world. It is 1913. Elsa Pendleton travels from England to Easter Island with her husband, an anthropologist sent by the Royal Geographical Society to study the colossal moai statues, and her younger sister. What begins as familial duty for Elsa becomes a grand adventure; on Easter Island she discovers her true calling. But, out of contact with the outside world, she is unaware that World War I has been declared and that a German naval squadron, fleeing the British across the South Pacific, is heading toward the island she now considers home. Sixty years later, Dr. Greer Farraday, an American botanist, travels to Easter Island to research the island's ancient pollen, but more important, to put back

the pieces of her life after the death of her husband. A series of brilliant revelations brings to life the parallel quests of these two intrepid young women as they delve into the centuries-old mysteries of Easter Island. Slowly unearthing the island's haunting past, they are forced to confront turbulent discoveries about themselves and the people they love, changing their lives forever. *Easter Island* is a tour de force of storytelling that will establish Jennifer Vanderbes as one of the most gifted writers of her generation.

International Cases in Tourism

Management - Susan Horner 2004

Over 30 cases from the tourism industry examined in depth - an essential resource for tutors and students.

Webster's Dictionary and Thesaurus - Geddes &

Grosset, Limited 2002

Tourism, Heritage and National Culture in Java - Heidi Dahles 2013-10-11

Based on anthropological fieldwork in the 1990s, this book provides an ethnographic perspective in its examination of the politics and policies of cultural tourism as they were played out under the Indonesian New Order regime. The successful New Order tourism policy ensured that tourism development both contributed to, and benefited from, increasing economic prosperity and a long stretch of political stability. However, that success has come at a price; the policy to encourage mainly 'high-quality' tourism revolved around carefully constructed and controlled tourist experiences that have led to local inequalities. The failure of this policy is analysed in a detailed case study of the city of Yogyakarta.

Report of the State Botanist - New York
(State). State Botanist 1913

Stone Cold - C. J. Box 2015-03-03

"The electrifying new Joe Pickett novel from the New York Times-bestselling author. Everything about the man is a mystery: the massive ranch in the remote Black Hills of Wyoming that nobody ever visits, the women who live with him, the secret philanthropies, the private airstrip, the sudden disappearances. And especially the persistent rumors that the man's wealth comes from killing people. Joe Pickett, still officially a game warden but now mostly a troubleshooter for the governor, is assigned to find out what the truth is, but he discovers a lot more than he'd

bargained for. There are two other men living up at that ranch. One is a stone-cold killer who takes an instant dislike to Joe. The other is new-but Joe knows him all too well. The first man doesn't frighten Joe. The second is another story entirely"--Provided by publisher of hardcover edition.

Archist - Federico Babina 2016-06-30

* A poster book containing 30 detachable posters made by architect and designer Federico Babina* Each poster is a work of art on its ownArchist is a playful interpretation of the expressive language and aesthetics of some of the world's most popular artists. For example, Babina tried to imagine what a house designed by Dalí or a museum conceived by Miró would look like. The illustrations represent an imaginary and imagined world of shapes. Federico Babina finds great pleasure in imagining architecture designed and constructed through the interpretation of an artist's language. The book shows that there is a

symbiotic relationship and implicit partnership between architecture and art. A sculpture is like micro-architecture, a facade can become like a painted canvas and a building can look like it was shaped by a skilled sculptor. The posters in the book manage to catch the essence of the oeuvre of the artists in question. As a consequence, the posters are much more than mere decoration; they become a playful piece of art history. Federico Babina is an Italian architect and graphic designer who lives and works in Barcelona. He tries to rediscover the world through the eyes of a child: spontaneously, uninhibited and without being conditioned by experience. Federico Babina expresses himself through different techniques, styles and shapes. He likes the richness of language and the diversity of its forms. Drawing and illustrating allow him to describe and visualize his thoughts, feelings and emotions. Every image tells a story, every image is a story's witness.

The Routledge International Handbook of Island Studies - Godfrey Baldacchino 2018-06-13

From tourist paradises to immigrant detention camps, from offshore finance centres to strategic military bases, islands offer distinct identities and spaces in an increasingly homogenous and placeless world. The study of islands is important, for its own sake and on its own terms. But so is the notion that the island is a laboratory, a place for developing and testing ideas, and from which lessons can be learned and applied elsewhere. The Routledge International Handbook of Island Studies is a global, research-based and pluri-disciplinary overview of the study of islands. Its chapters deal with the contribution of islands to literature, social science and natural science, as well as other applied areas of inquiry. The collated expertise of interdisciplinary and international scholars offers unique insights:

individual chapters dwell on geomorphology, zoology and evolutionary biology; the history, sociology, economics and politics of island communities; tourism, wellbeing and migration; as well as island branding, resilience and 'commoning'. The text also offers pioneering forays into the study of islands that are cities, along rivers or artificial constructions. This insightful Handbook will appeal to geographers, environmentalists, sociologists, political scientists and, one hopes, some of the 600 million or so people who live on islands or are interested in the rich dynamics of islands and island life.

Tourism for Development - Regina Scheyvens
2002

Dealing with tourism in the developing world, this book provides a contemporary analysis of the potential for tourism to work as a strategy for development. Tourism continues to develop rapidly in the Third World, and with it an increasing awareness of the impacts and dilemmas faced by the destination countries. *Tourism for Development* analyses key theories and debates surrounding tourism development in a user friendly style aimed primarily at undergraduate students following Geography and Tourism Studies/Management courses. The book focuses on the positive, highlighting tourism practices which may offer a way forward in terms of promoting appropriate development in the Third World. The book is another strong addition to the successful Themes in Tourism series and will be equally useful to both tourism and geography students in a range of topics,

including Development Studies, Planning and Resource Management.

[George Moore's Paris and His Ongoing French Connections](#) - Michel Brunet 2015-10-29

The formative influences of Paris and France on the Anglo-Irish writer George Moore (1852-1933) cannot be underestimated. While the years Moore spent in Paris in the 1870s were seminal for his artistic awakening and development, the associations and friendships he formed in French literary and artistic circles exerted an enduring influence on his creative career. Moore maintained close ties with France throughout his life and his numerous contacts extended to social, musical and cultural spheres. He introduced the Impressionists to a British audience and his importation of French literary innovation into the English novel was remarkable. Exploring Moore's early years in Paris and his ongoing engagement with the experimental modernity of his French models, these essays offer new insights into this

cosmopolitan writer's work. Moore emerges as a turn-of-the-century European artist whose eclectic writings reflect the complex evolution of literature from Naturalism to Modernism through Symbolism and Decadence.

The Culture of the Europeans - Donald Sassoon 2006

Compelling, wide-ranging, and hugely ambitious, this book offers an integrated history of the culture produced and consumed by Europeans since 1800, and follows its transformation from an elite activity to a mass market?from lending libraries to the internet, from the first public concerts to music downloads. In itself a cultural tour de force, the book covers high and low culture, readers and writers, audiences and prima donnas, Rossini and hip hop, Verdi and

the Beatles, Zola and Tintin, Walter Scott and Jules Verne, the serialized novel of the 19th century as well as Dallas and Coronation Street. Included in its vast scope are fairy tales, best-sellers, crime and sci-fi, non-fiction, magazines, newspapers, comic strips, plays, opera, musicals, pop music, sound recording, films, documentaries, radio, and television. A continent-wide survey, this majestic work includes discussions of rock music under communism, Polish and Danish bestsellers, French melodramas and German cabarets, fascist and Soviet cinema. It examines the ways culture travels?how it is produced, transformed, adapted, absorbed, sold, and consumed; how it is shaped by audiences and politics, and controlled by laws and conventional morality; and why some countries excel in particular genres. It examines the anxiety and attraction felt by Europeans towards American culture, and asks to what extent European culture has become Americanized. Stylishly written, devoid

of jargon, this is global non-fiction narrative at its best.

France and Ireland - Una Hunt 2015-07-31
Music, art and creative writing embody vital elements of the rich association between Ireland and France and this collection provides a tantalising selection of their reciprocal influences across the arts. The book paints a vivid picture of composers, performers, poets and novelists on both sides of the Celtic Sea. Surprises abound, with music unexpectedly linking Ireland and France through George Alexander Osborne and Frederic Chopin, through Thomas Moore and Jean-Jacques Rousseau, through Irish-inspired French opera and a French-directed Irish orchestra. Words and music meet in a Kate O'Brien novel, a musical interpretation of Verlaine and the poetry of Paula Meehan, while the encounter of wine and music creates truly innovative experiences. Exploring the works and influence of a wide range of figures including James Joyce, Marcel

Proust, Jacques Derrida, J.M. Synge, Helene Cixous, Eilean Ni Chuilleainain, Hector Berlioz, Maurice Ravel, Neil Jordan and John Field, the essays collected here uncover a wealth of artistic interconnections between France and Ireland."

Fleeting Cities - Alexander C.T. Geppert
2013-11-20

Imperial expositions held in fin-de-siècle London, Paris and Berlin were knots in a world wide web. Conceptualizing expositions as meta-media, Fleeting Cities constitutes a transnational and transdisciplinary investigation into how modernity was created and displayed, consumed and disputed in the European metropolis around 1900.

Adventure Tourism - Colin Beard 2012-05-16
