The Devil's Dictionary - Ambrose Bierce 1911

Bierce exploits the comic potential of the dictionary format to mock the doublespeak prominent in post-Civil War politics. Using short, pithy entries on a variety of subjects, this "reference book" inverts the meaning of words, skewers popular hypocrisy and showcases Bierce's dark humor. Many of these entries began as newspaper columns Bierce wrote in the 1870s. One hundred years later, it is clear that the America he lampoons is not that different from our own.

Practical Faster Reading - Gerald Mosback 1976-12-09
Practical Faster Reading provides the basis for a reading improvement course lasting a total of 30 class hours and has proved popular with students and teachers in a variety of settings. Thirty passages covering a wide range of topics of general interest and accompanying exercises give practice in the reading skills

needed at upper-intermediate and more advanced levels. Substantial increases in reading speed are usually attained with improvements in comprehension and vocabulary. The full answer key for self-checking also makes this useful for the student working alone.

First Certificate Star - Luke Prodromou 1998

'First Certificate Star Cassettes' contain the material for the listening tasks, including short and long texts to help the student prepare for the first certificate listening paper.

Spanish Sentence Builders - a Lexicogrammar Approach -

Dylan Viñales 2020-05-05

Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-

packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the

student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.
